

Le Belle Mura

Decorative Plaster and Paint Line

Velatura Classic

A simple application system, where natural light to dark effects appear over the surface. Ideal for decorating the interior wall surface of homes and buildings that aim to recreate a classic antique feel.

Surface preparation: Sand, dust, and level any imperfection using joint compound. Apply one coat of Universal Fixative which should be diluted in water at a ratio of between 1:8 up to 1:10; depending on the absorption of the surface to be applied. Spread the product consistently using a flat paint brush (Photo No. 2) or a sponge over the surface using a circular motion. (Photo No.3).

Available in: 1 Quart and 1 Gallon pails.

Velatura spread rate: 70-100 Sq. ft. per quart.

Velature Rustica

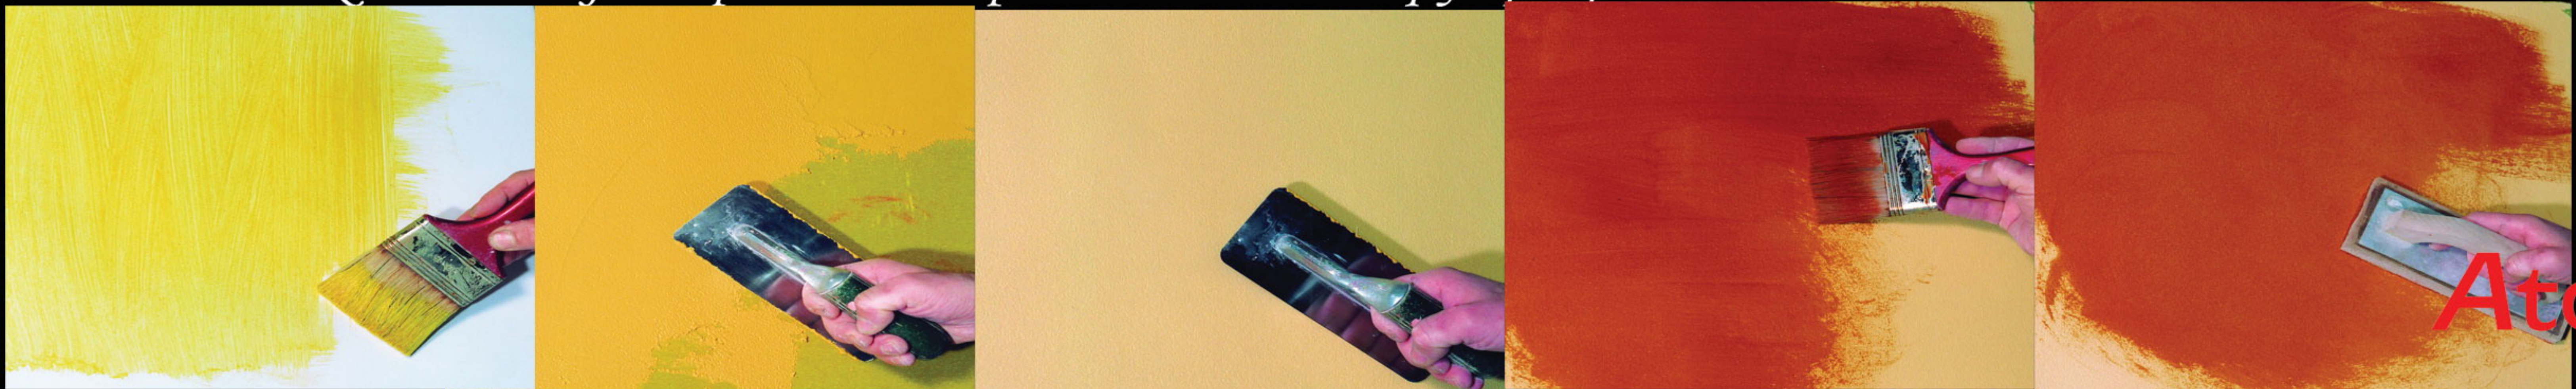

A simple application system where the natural light to dark effects appear over the surface. Ideal for decorative finishes over both interior and exterior homes and buildings that aim to achieve a classic antique look and feel.

Surface preparation: Maybe applied over any rough or textured plaster surface or directly over brick after a coat of Primer RV.

Application: Apply one coat of Velatura Rustico over the surface with a flat paint brush. Apply a second coat in the same manner and follow through with a sponge trowel to obtain a uniform appearance.

Available in: 1 Quart and 1 Gallon pails.

Spread rate: 70-100 Sq. ft. per quart.
