

Arthe Wax Naturale

Transparent water base wax in paste

SPECIFICATIONS AND FIELDS OF EMPLOYMENT

ARTHE WAX is a transparent water-based wax in paste, specifically employed for the protection of both synthetic and slaked lime-based Venetian stuccoes. It increases the stucco brightness and improves its washability and water repellent power, enhancing the final colour results.

Composition: Special wax in water emulsion and nontoxic additives.

Method of Applications

- Apply directly on the stucco, already polished and finished with a stainless steel spatula;
- Let the wax on the support until complete absorption;

Smooth using a stainless steel spatula.

TECHNICAL DATA

SPECIFIC WEIGHT: 1,079 Kg./Lt. +/- 1%

VISCOSITY: thixotropic paste

DRYING: dry to the touch: 2 hours at 68 F
completely dry: 24 hours at 68 F

TEMPERATURE

OF APPLICATION: between 41 F and 86 F

YIELD: 200 -250 sq ft per quart

COLOURS: transparent

PACKAGE: quart size -polyethylene cases available

PRESERVATION: 24 months in the intact packages, away from temperature changes

have to be sent to recycling plants.
