

# Stucco Nahir

## Velvet Effect Decorative Plasters

Decorative System which was created from the inspirations of the enhancing place that are still to be found in the wonderful Sicilian island, the land of many colors, where the Byzantines styles, Arabs and Normans mix almost naturally with the Landscape of the island. This is where the idea was found to create this new decorative effect. An ethnic style, with the magic touch of Italian Style.

This decorative system has a very special Stucco which is easy to model and this allows you to create endless effects. With the application of Velatura Classic or Pearl on top it seems to create transparency, deepness and a unique and fascinating dark light contrast.

2 methods of application: Crackle, Rigato

**Nahir**  
Effect Crackle

**Nahir**  
Effect Rigato

**NAHIR STUCCO:** Innovative decorative Solution extraordinary beauty and ease of implementation, which is used in both environments style ethnic (fascinating effects such as wengè or douglas), in a modern style (streaked dark and light shades)

Application: Apply on a smooth and well cohesive wall or plasterboard, 1 coat of PRIMER S with a short haired roller (Photo n. 1).

After at least 8 hours spread 1 coat about 2 to 3 mm of NAHIR with a plastic trowel making sure to cover the entire surface evenly (Photo n. 2). It is advisable to apply NAHIR in strips of about 50 to 70 cm along the entire wall. Immediately after with the special PETTINARTHE trowel (Photo n. 3) finish NAHIR horizontally, vertically or mixture (depending on the effect desired); when finished (after at least 24 h), apply VELATURA with a paint brush following the direction of the lines (Photo n. 4), remove the excess product with our SPUG-NARTHE tool (Photo n. 5).
