# *Le Belle Mura*

*Decorative Plaster and Paint Line*

## *Stucco Marmorino*

*Superior marble looking lime plaster for glossy translucent finishes typical of the Renaissance period.*

*Surface preparation: It is recommended to apply over other natural lime surfaces, but it can also be applied after one coat of Primer S, on plaster, plaster by-products, or old paint, if surface is not cracked or peeling.*

*Application: Apply first coat of Stucco Marmorino with a stainless steel trowel. When the first coat has dried, spread a second coat of product in the same manner as the first coat. Allow second coat to dry and then apply small spots of product and then take them away ("put and remove" technique) (Photo No. 2). As the product is drying, compress and polish until the desired result is obtained (Photo No. 3)*

*Available in: 1 Quart, 1 Gallon, 2 Gallons, 4 Gallon pails.*

*Spread rate: 20 to 30 Sq. ft. per quart.*

*Stucco Marmorino Neutro - Used to obtain darker tones.*

*Stucco Marmorino Classico- Used to obtain lighter tones.*

**Atova.**
