

Printed on 7.31.2002 Revision n. 1 Dated 9.01.1998

## 1. Identification of the preparation and the Company

### 1.1 Identification of the preparation

Product name ..... **Stucco Veneziano**

Intended use ..... Stucco in pasta

### 1.2 Identification of the Company

Name ..... BALDINI VERNICI SpA  
Full address ..... Via IV Novembre  
Zona Industriale Sud  
District and Country..... 55016 Porcari (LUCCA) ITALIA  
TEL.0583/2901 r.a. - FAX 0583/211060

## 2. Composition/Information on ingredients

This product contains no substances classified as dangerous to health in concentrations that require mention in this paragraph of the safety sheet EU legislation in force. For other possible risks, please refer to sections 3 and 15 of this sheet.

## 3. Hazards identification

This product does not appear to be dangerous to health or the environment, nor does it pose any hazard on account of its chemical and physical properties.

## 4. First aid measures

No harm to the staff authorised to use has been reported. However, in case of contact, inhalation or ingestion, the following general measures provided for a first aid shall be taken.

INHALATION: Remove to fresh air. If respiration is difficult, administer artificial respiration and seek medical advice.

INGESTION: Seek medical attention. Induce vomiting only if indicated by the doctor. Never give anything by mouth to an unconscious person.

EYES and SKIN: wash with plenty of water; if the irritation persists, seek medical advice.

## 5. Fire fighting measures

Allow containers to cool in order to avoid product decomposition and generation of substances which might injure the health and be dangerous for safety reasons. Wear the fire equipment all the time.

## 6. Accidental release measures

Limit leakages with earth or inert material. Remove most of the product and then rinse the involved area by jets of water.

## 7. Handling and storage

Keep in tightly closed containers away from heat sources and protected from frost.

## 8. Exposure controls/personal protection

Follow the good industrial hygiene practices adopting suitable individual protective measures such as gloves and overalls. Do not eat or smoke while handling the product. Wash hands before eating and at the end of the work shift. Periodic health controls are recommended at the discretion of the doctor.

## 9. Physical and chemical properties

Physical state ..... Solido pastoso  
Colour ..... Bianco  
Odour ..... caratteristico  
pH ..... 7-8 soluzione satura a 20°C  
Flash point ..... ---  
Solubility ..... Scarsamente solubile in acqua e  
in solventi organici

## 10. Stability and reactivity

The product is stable under normal conditions of use and storage.

Substances to be avoided: acids.

Conditions to be avoided: humidity.

## 11. Toxicological information

No episodes of damage to health following exposure to the product have been reported. In any case it is advisable to operate according to good industrial hygiene practices.

## 12. Ecological information

Always use according to sound working criteria. Do not dispose of the product in the environment.

## 13. Disposal considerations

If the product is a solid it can be disposed off in a sewer whose typology must be identified according to the criteria.

## 14. Transport information

This product is not classified as dangerous for transport.

## 15. Regulatory information

This product requires no hazard labelling under the regulations in force.

## 16. Other information

This safety sheet has been drawn up by BALDINI VERNICI S.p.A. basing on its knowledge and on the information sources currently available. We cannot therefore guarantee that the information contained herein is exhaustive. Since the use of the product lies outside our direct control, it is the duty and responsibility of the user to observe the hygiene and safety regulations in force.
